## Weed Averages \$8.19 On Three Local Floors

### TOBACCO PRICES ARE HIGHER THIS WEEK IN MURRAY

Superior Grade of Leaf is  
Offered for Sale  
This Week

TOBACCO MEN SAY 90%  
OF '39 CROP DELIVERED

Tobacco sales on the three Mur-  
ray local floors continued to  
hold, special interest being  
shown in the first three days of  
this week. Although the quality of weed  
offered was said to be inferior, good  
prices were paid for a total of  
\$30,445 pounds from Monday  
through Wednesday, with growers  
receiving \$27.062.91 for an average  
price of \$8.19 per hundred.

The average price paid for the  
floors for the last three days showed  
an increase of 55 cents on the  
hundred over that paid during the  
first three days of last week.  
The tobacco men estimate that  
90% of the 1939 crop has been  
placed on the market. The remain-  
ing 10% of last year's crop, yet  
unsold, and thought to be of  
low quality, is expected to be de-  
livered within the next few days.  
Bad roads are blamed for the re-  
tarded delivery.

The sales by the Murray floors  
for Monday, Tuesday, and Wed-  
nesday of this week are as fol-  
lows:

### Former Resident Dies in Arkansas

Funeral services for Mrs. George  
A. Rowland were held at Martin's  
Chapel Methodist Church, Monday  
afternoon at 2 o'clock, with Rev.  
H. L. Lax officiating. Interment  
was in the church cemetery.

Mrs. Rowland, 61, died at her  
home in Wiseman, Ark., after a  
few days' illness of pneumonia.  
After services in Wiseman, the re-  
mains were removed to the home  
of her daughter, Mrs. Mary But-  
terworth, on the Mayfield Road.  
Mrs. Rowland is survived by  
her husband, George A. Rowland,  
Wiseman, Ark.; one daughter, Mrs.  
Mary Butterworth, two grandsons,  
Reginald Butterworth, Murray,  
George B. Butterworth, Detroit,  
Mich.; two granddaughters, Mrs.  
Johnnie Walker and Mrs. Martha  
B. Irwin, Murray, Fla.; S. Erwin,  
Mayfield, H. E. Erwin, Safety Har-  
bor, Fla., and T. W. Erwin, coun-  
ty, are brothers.

### VISION WEEK IS OBSERVED HERE

Optometrists Continue Custom of  
Examining Eyes of Indigent  
Children in County

Following a custom of some ten  
years' standing, the optometrists of  
Murray will accept for examination  
one indigent child each day during  
"Save Your Vision Week," March  
10-16th, according to Dr. O. C.  
Wells, Associated State Director of  
Public Health Optometry.

While this is a custom of long  
standing in celebration of better  
vision week, it works in admirably  
with the campaign now being waged  
to bring eye care to the indigent  
children of Calloway County.

A number of children in Cal-  
loway county have been accepted in  
the campaign which has been run-  
ning for several weeks and others  
have made application through the  
County Health Department for  
this service.

Save Your Vision Week is a time  
set aside that should be of interest  
to every man, woman and child of  
the entire nation. A check up of  
the eyes will reveal one of two  
things—either that you are blessed  
with good eyes and comfortable  
vision or you have a condition that  
demands professional care. Such  
a checkup would probably be good  
for everyone as eye strain is the  
known cause for much discomfort.  
Help the nation celebrate "Better  
Vision Week" by checking your  
eyes and bringing some indigent  
child under the care he badly needs.

### Subscription Offer Expires in 10 Days

You have only ten more  
days in which to take ad-  
vantage of the unusual  
subscription bargain, the  
Ledger & Times two years  
for \$1.00 in Calloway and  
adjoining counties. This  
offer applies to both new  
and renewal subscriptions.  
Since the initiation of  
this special subscription  
offer some four months  
ago, new subscriptions  
have poured into our office  
in such large quantities,  
that today the paid circula-  
tion of the Ledger and  
Times, your progressive  
newspaper for over half a  
century, stands at an ALL-  
TIME HIGH. Also, the  
response of renewal sub-  
scribers has been such  
that at present our list is  
so well paid up that we  
have no fear of an in-  
spection from United States  
Postal Inspectors.

We confess that we are  
unable to find words to  
adequately express our  
appreciation of your  
splendid patronage. To  
you who are not subscrib-  
ers, we cordially invite  
you to join our ranks be-  
fore the expiration of our  
bargain price Fourth Mon-  
day in March, for there  
will positively be no ex-  
tension of the offer.

### DENTAL SOCIETY HOLDS BANQUET

Occasion Marks 100 Years of  
Progress in Dental  
History

The Southwest Dental Society

## WHITLOCK NEWS

The people of this community have been saddened by the death of a beloved neighbor, Mrs. Ethel Evans, who died March 11. Burial was in Bird's Creek cemetery.

Mrs. S. C. Huddleston is visiting in Memphis this week.

Mason Paschall and family are moving soon to their new home where they recently purchased from Mr. and Mrs. Raymond Ball.

Several from here attended the funeral services for Wade Whitlock of Paris, who died a few days ago.

Orie Morris went to Paris Saturday on business.

Mrs. Cordie Morris and daughters, Virginia, Frances, and Christine were Sunday afternoon visitors of Mrs. Jennie Ball.

It pays to read our Classifieds.

## Around Paschall School

Rev. J. H. Thurman filled his appointment in the pulpit at Oak Grove Church Saturday afternoon and Sunday morning with good gospel sermons each time. Mrs. Thurman accompanied him to the services.

The Kentucky Quartet, heard over Station WHOP, Hopkinsville, is still in the lead. Their many friends are very proud of their standing in song work, and are wishing for them the very best in this service. This quartet is composed of Orie and Jess Key, Chester Marine, Rudolph Howard, and Mrs. Bert Taylor, pianist. On Sunday morning everyone who doesn't have a radio, rushes around to get to his neighbors who have one to hear them.

Gaylon Billington, who has been ill this winter, is some improved. Little Georgia Ann Pitman is ill with a cold.

Mrs. Charlie Orr is improved of a cold.

Several farmers in this neighborhood burned plantbeds last week, including C. D. Orr, Hanzy Paschall, O. T. Paschall, Hollis Jones, Othel Paschall, and Odie Morris.

Fred Humphreys, Ben Byars, and Truman Young were in Murray Friday on business.

Mrs. Era Orr and daughters, Lelene and Dorothy, Mrs. Grace Paschall, and Mrs. Ole Morris quitted a quilt for Miss Willie Orr last week while the recipient was at school. Nice of 'em, wasn't it Willie?

Mr. and Mrs. Odie Paschall and daughters, Orene and Wanda, attended church at Oak Grove Sunday.

Miss Orene was a dinner guest of Mrs. Collins Key, while the rest of Mr. Paschall's family were dinner guests of Mr. and Mrs. Delmus Paschall.

Odie Morris butchered two more porkers last week.

Mrs. Dallas Lassiter has 23 hens and they laid 20 eggs Friday.

Mr. and Mrs. Vester Orr, son, Junior, and Mrs. Ophie Paschall of Murray, attended church services at Oak Grove Sunday.

The Rev. J. H. Thurman, together with the members of Oak Grove church, regretted very much missing his regular appointment on second Sunday in February, but because of roads being impassable he could not be there.

Mr. and Mrs. O. T. Paschall were visitors of Mr. and Mrs. Marvin Page Sunday afternoon.

Mrs. Haughtie Byars was an all day guest of Mrs. Ben Byars Wednesday.

Mr. and Mrs. Ollie Smotherman and son were in Murray Wednesday. I think Wrenn was prospecting for a new suit of clothes.

Mr. and Mrs. Dallas Lassiter and son, Wallace, were Saturday night and Sunday guests of Mr. and Mrs. Harrell Smotherman and son, Mac.

Little Miss Joan Key had her new hand pocket with her at church Sunday which was very becoming with her new suit.

Jimmie Dale Foster, small son of Mr. and Mrs. James H. Foster was in the home of his grandparents, Mr. and Mrs. Norton Foster, Saturday afternoon.

Mr. and Mrs. Cheslie Paschall of the North Fork community were guests in the home of Mr. and Mrs. Ben Byars Sunday afternoon.

Here's wishing a rapid recovery for little Miss Lovenia Ann Jones of Lynn Grove who has had flu.

Mr. and Mrs. J. C. Paschall was in the home of Mrs. Paschall's parents, Mr. and Mrs. Ben Byars, last week.

Arthur Lassiter sold J. C. Paschall some shoats Friday.

Jimmie Lynn Smotherman is on

the sick list at this writing. Miss Clara Nance was a visitor of Mrs. Oat Paschall Sunday afternoon.

Friday, March 15 is "Aunt Jennie's" birthday. We wish a most happy birthday.

Hollon Byars purchased some corn from Carmon Rogers last week.

Rama Sue Morris, I must compliment the poem composed by you in last week's issue of the Ledger & Times. I think it was very kind of your teacher, Miss Robbie Erwin, to have it published.

Rama Sue is a third grade student in Hazel School and is eight years of age. She is the daughter of Mr. and Mrs. Odie Morris.

Little Misses Annie Jean and Bobbie Nell Jones attend school at Lynn Grove. The roads have been impassable for the bus and caused the little girls to miss part of their term together with a number of other children.

Marvin Parks has purchased a new tractor to begin his 1940 crop. Congratulations, Mr. Parks.

J. C. Paschall and Charles Morris saved wood for Ben Byars Friday morning.

Miss Ole Wicker spent last week with her cousin, Mrs. Elsie Orr. Of course Valentine day has gone by for 1940, but lets have a little poem any way if it is a little late for this appeal to me very much:

Paint me a picture, artist,  
And paint me the picture true:  
A good old mother with silvery hair,  
The best that you ever knew.

With features to me that are perfect,  
As perfect as perfect can be,  
And then weave into them a bit of love.

Of the love that made mine and me,  
And then when you finish it,  
Let a touch of the love sublime  
Light up her face, and then send it  
To Mother—My Valentine.

I was very sorry to learn of Elvira, small daughter of Mr. and Mrs. Elsie Key, getting burned Monday.

Little Miss Virginia Fay Foster spent Sunday night with Bettie Jane Lassiter—Golden Lock.

## Steele's Store News

Well, here I come again, after a week's absence. There has been so many quilts quilted that no one can find time to do anything much except quilt.

A shower was given in honor of Mark Elkins Wednesday afternoon. After the honoree had displayed her gifts, a plate lunch was served.

Mrs. Bell Geurin honored her daughter, Mrs. Cecil Saylor, with a shower recently. There were 40 present and several others sent gifts. Everyone present reported a nice time.

Mrs. Cora Kimbro, Merle Kimbro, Thula Steele, Bell Geurin, and Pearl Kimbro quilted out four quilts the past week.

Mrs. Harley Johnson and Mrs. Lynn Ferguson.

Now, Pop Eyer! You said you had 200 cabbage plants set out and some onions. Well, you'll have to come down here for we have 200 cabbage plants set out and we have onions large enough to eat. Just try motoring down here and get a "good ole square meal."

Mrs. Myrtle Steele visited her mother last week.

Geneva Steele and son, James Harold, are reported better at this time.

Mrs. Polly Buey has been quilting for the past several days.

Loyal Buey purchased a fine cow recently.

Crawford Lamb has been visiting in the home of Roy Scarborough.

Mrs. Faye Fielder has been visiting her mother, Mrs. Taylor Smith.

What's the matter with John Holapple? We like your pieces and wish you would continue to write.

### Murray's Big Day

The Ledger and Times desires to commend the Mayor and City Council upon the decision to assist in making Murray's big annual trade day, Fourth Monday in March, the biggest the town has yet experienced.

The plans of the City Officials to award appropriate prizes to various types of farm animals will unquestionably add to the size of the crowd and the enthusiasm of the traders on this traditional day. Also, the courtesy of extending the privileges of the Court-square to those who would vie with neighbors and friends in getting the best end of the "swap" is a consideration past due.

During the past few years, the increased demand for business and residential buildings has gradually taken up the vacant lots and almost eliminated the old "swap-ring" as we knew it in years past. Thus, the old trading spot, at Third and Walnut, is inadequate at present to accommodate the ordinary trade day crowd and of course doesn't even approach dimensions sufficient to accommodate the great throng of horsemen coming to town on Fourth Monday in March.

County officers, business men, and all Murray citizens join the City officials in extending a sincere invitation to every man, woman and child to bring your mules, horses and dogs, or what-have-you and occupy the Court Square for a day.

With everyone exercising proper regard and due respect for the rights and privileges of others, this Fourth Monday in March promises to be a memorable day with mutual benefit and pleasure for all, and perhaps will establish a custom that will be continued at this season of the year in the future.

### We Shall Be Glad to Help

We are in receipt of an unsigned letter addressed to Editors of Murray Papers, which contains the following paragraph: "I am not going to try to tell you about the case because I can't even recall the name of the boy, but Paducah put on all sorts of drives for the boy that got hurt playing football and Memphis helped him out. Memphis is at present putting on a successful drive for the little girl (who could never have known the difference). This boy is seventeen years old and has known all of life that a boy of that age might be supposed to know and now unless everything is done that can be he

is condemned to a life of darkness."

This has reference to the unfortunate accident which occurred in the laboratory at the Training School a few weeks ago. At the time of the regrettable happening, we gave a full front page story to the event.

This is the second anonymous letter we have received dealing with this affair, the first, received some two weeks ago, we printed in full on the editorial page. We shall be very glad to accept and turn over to Prof. E. J. Hortin, as suggested in the first letter, or to anyone designated as treasurer of such a fund, any and all donations coming to our office.

We believe, however, that the writer of these letters should reveal his identity, as anonymous letters are not very forceful, and are sometimes confusing. As a matter of fact, the policy of practically all newspapers precludes the printing or publicizing of unsigned letters, unless the identity of the author is, by some means, known to the editor.

### Press Opinion

#### GOOD REPRESENTATION

There's no question that there is good representation in the Kentucky General Assembly—for private utilities companies.

Henry Ward's bill to permit Kentucky cities to contract for TVA power was beaten in the House Tuesday, 53 to 27. That 3,000,000 Kentuckians stood to benefit from the bill was insufficient to counterbalance the tender regard held by the legislators for the private utilities companies.

Apparently Ward had good reason to believe that the state public service commission had much to do with beating the bill, which would have empowered any city to build municipal utilities plants with the proceeds from revenue and bond issues. He charged the commission was created "because the private utilities wanted it. They admitted as much to me. They wanted it because it was easier to negotiate with three men here in Frankfort than with boards in each city."

"They have consistently opposed the expropriation" well. They have consistently opposed the exemption of city-owned utilities from regulation by the state commission. Yet even when Ward consented to an amendment to his bill to bring city plants under the same regulatory provisions, the companies' legislative friends defeated the bill.

It is illogical for a legislative group, or any other, to say that communities may not take steps to obtain utilities service as cheaply as possible by setting up their own plants. It is disgraceful that the General Assembly should listen to so illogical an exhortation. Let the companies not make the matter so serious. By this action they have sacrificed goodwill which they badly need, and there will be another day in the Legislature.—Paducah Sun-Democrat, Paducah.

### THE SPILLWAY

BY WAYLON

Today marks the end of the 1940 regular session of the Kentucky General Assembly. The official record, the House and Senate Journals, will show that the Legislature adjourned sine die tonight, a few minutes before 12:00 o'clock, but the usual custom is followed, the big clocks hanging over the main entrance of the respective Houses will be stopped a few minutes before midnight and the session will be continued 'til dawn. The last session is devoted to the spillway of last minute "pet" measures between goodbye orations by various members. This last meeting is a sort of love-feast when all bitterness has been engendered in heated debates during the 60 day meeting is forgiven and forgotten, and the members pledge an undying friendship for each other.

The Legislative session ending today is not completely void of good work, for many constructive pieces of legislation have been enacted into law, along with some bad according to the spillway's interpretation. To us the most obnoxious bill passed is the one providing for the licensing of wholesale liquor dealers to sell the spirit to persons residing in dry counties of other states if they

possess a Federal license. Vigorous protests against this bill are being made by the officials of the States of Tennessee, Virginia, and West Virginia, in addition to that of representatives of the League of State Governments, as result of which Governor Patton is expected to veto the measure.

Even though law makers are leaving the capitol city, Frankfort will continue to be of particular State interest as Governor Johnson is expected to deal out numerous political appointments in the next few weeks. The Governor hasn't made any appointment since assuming office except that of J. Lyster Donaldson, his state campaign chairman, to job of state Highway Commissioner, a post vacated by Bob Humphries who resigned to become chief clerk of the State Senate.

With expected changes in State jobs, the Congressional election, a possible race for the U. S. Senate seat held by the late M. M. Logan, and occupied at present by former Governor A. B. Chandler, by appointment, and the election of a President of the United States, this year promises a real treat in that thrilling past time, "the great game of politics."

### HUNT SPEAKS ON TOBACCO METHODS

State Tobacco Authority Suggests Early Care for Best Results

Recommendations for growing better tobacco were discussed by Russell Hunt, Field Agent in Tobacco from the University of Kentucky, Tuesday morning, March 12, at 9:30 o'clock, in the office of County Agent John T. Cochran.

Mr. Hunt, Kentucky's outstanding authority on tobacco, stressed the importance of changing plant bed location. He stated that this practice would be especially necessary if Blue Mold attacks this section.

"Plant beds should be given the Bordeaux treatment at least twice," said Mr. Hunt. "If best results are to be obtained, this should be done first as the plants come up and the second time when about the size of a dime. He further stated that such treatment would aid in saving more of the leaves in the field at harvest time."

Mr. Hunt recommended liberal use of Phosphate, Potash and manure and stressed the need of using most of this material broadcast.

### TROOP NO. 45 Murray Scout News

Ralph Wear, S. M.

Members of Troop No. 45 are urged to bring their dues up to date within the next two weeks as April 1 is the date set for registering for the next Scout year. Scoutmaster Ralph Wear urges all boys to be present for the next three meetings that the registration may be completed and plans discussed for the next year.

Monday, March 3  
Members of Troop 45 enjoyed a talk on "Fishing and How to Fish" by Rev. J. Mack Jenkins at our regular scout meeting. The main points stressed were fly, bait, and cork fishing.

Saturday, March 9  
Several members of the troop went on interesting hikes to different sections of the county.

Monday, March 11  
In the absence of Scoutmaster Ralph Wear, Eagle Scout Fred Wells took charge of the meeting under the supervision of Assistant Scoutmaster Denver Erwin.

We had several drill exercises and discussed marching when the weather permitted. Plans were also started for the organization of a Senior Patrol for the advanced members of the troop.

Every Scout is urged to be present Monday night at 7 o'clock for the regular weekly meeting of the troop.

### Price Reduction Is Announced by Firm On Electric Goods

Reduction in prices of General Electric refrigerators was announced here this week by Frank Kirk of E. S. Diuguid & Son Furniture Company.

"Material price reductions are being made in keeping with the tremendous volume of sales which allows costs to be lowered materially without any sacrifice of quality."

As an example, a full 6.2 cubic foot family-size refrigerator is now being offered at \$112.75, delivered in Murray. Mr. Kirk explained, adding that this made GE as cheap, or cheaper, than the so-called mail order house refrigerators.

The new "air conditioned" models are now on display at the Diuguid show rooms.

Mrs. Mike Farmer and Mrs. Dan Hagt have returned from St. Louis where they did the spring buying for Farmer & Hart Shop.

### Power Farming To Be Theme of Two Free Movies

Sound movies showing interesting and highly instructive methods of power farming will be shown, through the courtesy of Sexton Brothers Hardware Company, at Lynn Grove High School on Monday evening, March 18th, and at Hazel High School on Tuesday evening, March 19th.

These movie showings will be free and in addition to the farming pictures entertainment, in the form of music, and prizes will be given on each occasion.

The public is urged to take advantage of this unusual opportunity to see big scale and power farming shown through the medium of sound pictures.

Mr. and Mrs. Theron Riley and little son, Duane, of Wingo, spent the weekend at Kirtsey visiting their parents, Mr. and Mrs. Carlin Riley and Mr. and Mrs. O. L. Cain Sr.

### THE PUBLIC VOICE

Contributions to this column upon topics of interest are always welcome. They do not necessarily express the views of this newspaper.

Mr. Tax Payer:

The Board of Supervisors has completed the inspection of the tax list as made July 1, 1939. This proved to be a very difficult job as no man can know every piece of property, and the work becomes more difficult because of the lack of descriptions and locations of the properties listed.

In many cases it was found that owners of small properties listed a higher valuation in proportion than did the large property owners, but the person-exemption is a great relief to the small property owner. The little difference in these particular instances, however, would require more time and expense than the benefit derived from this procedure.

The board will be pleased to correct any mistake made in high listing with the unselfish cooperation of the property owner. We have to rely upon the resident members with the assistance of the assessor who is supposed to have a knowledge of the property by an inspection of the same while listing.

If we get a well equalized list the burden of taxation will be equal on a basis of values.

In the period of the past 10 or 12 years, the listed values went extremely high, reaching almost thirteen million dollars, however, in 1938 the property list had an extremely low mark of six and a half million dollars.

Neither of the extremes were justifiable. By the cooperation of the property owners and less demand upon the Fiscal Court, we may be able to ward off the raises made by the tax commissioner as the State Board only acts to make the county pay her debts. The raise we had last year came from the County House and the people of Calloway county rather than from Frankfort.

In April the county court will fix the budget. Tax collections are the only way to meet the budget so make no higher demands on than you want to pay for.

The tax burden has been made easier on farm land by the Soil Conservation project (government rental), but not so with town property which gets no relief and with the constant demand of renters for modern improvements, it makes the maintenance of town property much greater than in the past.

We should find a floor level high enough to meet the demands with each property owner bearing an equal burden.

This is an unpleasant job that a citizen has to accept, but I hope we may hear your case if you have reason to object to the notice sent you from your board.

### Ten Years Ago This Week

From Our Files

Construction of the additional building facilities to Murray High School was ordered by the Murray Board of Education at a meeting here last Friday night. The project was endorsed by the citizens of the district last year when a bond issue to pay for the improvements was passed by a large vote.

The board ordered the successful bidder, the P. B. McChesney company, Bowling Green, to begin work as soon as practical and it is expected that actual construction will get under way not later than April 1st.

Mr. J. K. P. Wells, one of Calloway county's oldest and most distinguished citizens, and one of the few surviving veterans of the Confederate Army, celebrated his 87th birthday Wednesday at the home of his daughter, Mrs. John Lassiter, three miles southeast of Murray.

Kentucky's 1929 tobacco crop totaled approximately 372,000,000 pounds, which sold for \$67,424,000. Figures compiled today in the office of Newton Bright, state secretary of agriculture, show that the 1929 crop was approximately 100,000 pounds greater than the 1928 crop but that it sold for about \$11,400,000 under last year's output.

The decrease in price received for the crop this year is attributed by Commissioner Bright to the low grade of tobacco offered.

A meeting of the Board of Regents of Murray State Teachers College was held in the office of President Rainey T. Wells here Wednesday. Consideration of plans for the library and boys dormitory, both of which will be erected this year, was the principal business.

Another meeting of the Regents will be held here Friday.

The Senate today passed by a vote of 23-13 the Clark (Lee Clark) Toll Bridge Act to enable the State Highway Commission to amend its contracts with purchasers of bonds sold January 8. The bill already had passed the House and now goes to Gov. Flem D. Sampson for approval or veto.

A large part of western Kentucky, especially the sports fraternity, will be guests of Murray this weekend as the annual Regional Basketball Tournament is staged in the new auditorium of Murray State Teachers College. Players, coaches, parents and supporters from approximately 16 counties of western Kentucky will be here, all bent on carrying away the title for their favored quintets, or at least earning the right to compete in the state tournament at Lexington later on this month.

**Kentucky Benefits from Commodities Corporation Plan**

LOUISVILLE, Ky., March 12—Kentucky was among 46 States in which the Federal Surplus Commodities Corporation purchased agricultural commodities during 1939 in activities designed to relieve burdened markets of price-depressing surpluses, and for the same period the Corporation donated for relief distribution in the State, through facilities of the Work Projects Administration, approximately \$2,500,000 pounds of surplus food products purchased in Kentucky and other States, J. B. Neubauer, acting director of commodity distribution, announced today.

The surplus purchase and distribution operations in Kentucky are part of a national program conducted by the Corporation to stabilize glutted agricultural markets, improve farm income, and conserve for needy families surplus food in danger of waste, Mr. Neubauer said.

The commodities were purchased in Kentucky at a cost for the products of approximately \$150,476. They included 2,390 barrels of corn meal; 30,000 pounds of fatbacks; and 6,268,000 pounds of tobacco. The tobacco was purchased under a special diversion program which is designed to increase the consumption of tobacco through the creation of new outlets for tobacco products. The surplus commodities were purchased by the Corporation on a competitive bid basis.

The commodities distributed in Kentucky included butter, dry skim milk, evaporated milk, oat cereal, wheat flour, rice, fresh apples, grapefruit juice, fresh grapefruit, oranges, dried peaches, fresh peaches, dried prunes, dry beans, cabbage, and onions, which were donated by the Corporation to the Commonwealth of Kentucky. Distribution was made by WPA to eligible relief roll recipients, and also to undernourished school children who were served during school hours with hot lunches prepared in whole or in part from commodities made available to sponsoring groups. An average of 65,800 Kentucky families financially unable to buy sufficient food to meet daily dietary requirements were served in this way and about 2,000 school children in 53 Kentucky schools participated in the hot lunch distribution.

The WPA project for the distribution of commodities is sponsored by the State through Governor Keen Johnson who monthly appropriates \$10,000, most of which is expended in the payment of freight and transportation charges. The Corporation's purchase programs are not conducted voluntarily, but at the request of producers and representatives of producers, Mr. Neubauer said. The program seeks to relieve pressure upon markets during periods of large surpluses, so that portions of crops needed commercially may be sold by producers to better advantage, he explained.

While the major purposes of the program are to stabilize glutted markets, improve farm income and conserve food for the needy, the Corporation also seeks the attainment of other objectives of benefit to growers," Mr. Neubauer said. "For instance, through its grading, packaging and other requirements, the Corporation tries to emphasize to producers the value of improving their marketing practices so that, through the adoption of sounder marketing methods, they may be in a better position to solve for themselves some of the problems facing them during periods when there are less favorable opportunities for the marketing of their products. Also in the distribution of the surplus products, an effort is always made to send portions of the commodities purchased into areas where their use may not constitute a normal part of the consumer's diet, thus encouraging the consumption of the products and causing a potential widening of consumer outlets for the commodities distributed."

The Murray High School Home Ec Club News

The Murray High School Home Economics Club wishes to express its appreciation to their many friends who contributed things to the lovely shower Wednesday. Many useful articles were received besides a sum of money.

The club is doing numerous things to raise money to remodel and redecorate the home economics laboratory. The girls fix and serve lunch each day at noon and sell candy and cookies on Saturday. They are planning a banquet in the near future. These girls deserve praise and recognition by all.

These girls presented a chapel program Monday, March 11. Murray High School is proud of this organization and wish to help them in every way.

## ROTARY GUEST IS GOOD WILL AGENT

Murray Club to be Guests in Mayfield March 18

Roberto de la Rosa of Mexico City, Mexico, was guest speaker at the Rotary Club at its Thursday luncheon meeting, March 7th, bringing a good will message from our neighboring republic.

The Murray Rotary Club will be dinner guests of the Mayfield Rotary Club on Monday evening, March 18th, at the Hall Hotel. The club members will meet at the National Hotel at 6 o'clock and go in a body to Mayfield for dinner at 6:30.

Other guests at this meeting included: Dr. F. C. Pogue, Rev. Foregy, Prof. Charles Hise, and J. H. Churchill.

Senor de la Rosa, who is highly recommended by the American Ambassador to Mexico, Josephus Daniels, and the Mexico City Rotary Club, is making a good will tour of the United States in an effort to create a better understanding and more amicable relations between America and Mexico. He is a graduate of the University of Mexico.

Following the luncheon, the Spanish gentleman, dressed in the beautiful and brilliant costume affected by the upper social class of his country, charmed the club and its guests with accounts of his country, native music and customs.

Jokingly referring to the name of thing being "all in the view-point," the speaker declared that while we referred to the war with Mexico as the "Mexican War," they on the other hand called it the "American War." Carrying the point still further, he stated that the average American thinks of revolutions, bull-fights and guitar music when he thinks of Mexico; the Mexican thinks of gangsters, racketeering and election frauds when he thinks of the United States.

The population of Mexico, according to the visitor, is made up of three different social classes. Of these the upper class, which comprises about one-fourth of the population, is Spanish. The lower class, also about one-fourth of the population, are mostly Indians. The remaining half which is the middle class and commonly called the mestizo is made up of a combination of Spanish Indian and other nationalities. As is usual in any country, this group is the backbone of the country.

Senor de la Rosa sang a group of Spanish songs, playing his accompaniment on the guitar, and also exhibited the knife, which is the favorite weapon of his country. de la Rosa's father, who is a general in the Mexican army, is a Rotarian also.

Homemakers' work in Johnson county has resulted in the purchase of new utensils and other home equipment.

**Reidland Five Is Regional Champ**

Greyhound Coach Is Son of Mr. and Mrs. Manie Clark of this County

The Reidland Greyhounds, with Coach Fred Clark at the helm, nosed out Hardin's Eagles, coached by Carl Johnston, 25-23 here last Saturday night in the finals to become champions of Region 1 and thereby becoming eligible to participate in the State meet at Lexington this week.

Fred Clark, regional champion coach, is the son of Mr. and Mrs. Manie Clark of this county and was graduated from Lynn Grove High School and Murray State College.

The Eagles' inability to connect on free tosses was a chief factor in their defeat. In 15 tries the Hardinmen cashed in on 6. The Greyhounds were awarded a total of 9 charity pitches and made good on 6.

T. Trimble, Hardin ace, was put on the spot early in the first half when 3 personals were called on him. He was forced to play cautiously until the first minutes in the final canto when he was required from play with the fourth foul.

First round and semi-final results are as follows: Reidland defeated Hickman 28 to 21; Benton nosed out Barlow, 17-15; Sedalia won over Cunningsham, 15-14, in two over-time periods; Hardin swamped Symonia 46-26; and in semi-final play, Reidland topped Benton 25-14 and Hardin stopped Sedalia by a 41-17 score.

## Thoughts

on WAR and PEACE

by F. C. POGUE

It is the purpose of this column to discuss each week some of the more important developments in international affairs throughout the world.

As a background for the proper study of the situation in Europe, it is essential to keep in mind certain basic ideas which govern the actions of great powers. In order to make clear the basis on which the author of this column attempts to interpret the happenings in the world, it is necessary to explain something of his philosophy of the bases for his policies.

The first belief which the writer holds is that no nation in itself is either wholly good or bad but that nations are regarded as good or bad in accordance with certain policies which they have developed as a result of economic, geographic, strategic or political necessities. These needs may on occasion find their expression in a personality like Hitler who may be described as good or bad but ultimately the problem must be judged on the basis of the intangible factors involved.

It is the belief of this writer that personalities like Hitler or Stalin are the result of political and economic causes rather than the bases for these elements. Therefore, an effort will be made to discuss the situation in Europe from the standpoint of underlying causes rather than from too great attention to the peculiarities of certain leaders of the peoples of Europe.

Essential to the understanding of the war in Europe is a realization of problems such as population pressure, vast differences in languages, differences in race and long lasting disputes over frontiers. Back of the present difficulties in Europe is the Treaty of Versailles and back of it a thousand years of antagonism and conflict. Germans say rightly that the Treaty of Versailles deprived them of German territory when the Polish Corridor was given to Poland in 1919. They lose sight of the fact, however, that centuries of warfare have made it difficult to determine the first ownership of this territory. In the same way the final determination of the ownership of Alsace-Lorraine can be made only by treaty settlement inasmuch as the descendants of the original ruler of that territory have fought frequent wars in the years since 843 for its control.

For purposes of this column, however, it will be sufficient to begin with the Treaty of Versailles and its effects upon the history of Europe. Born of fear, hatred and revenge, this document serves as a convenient starting point for an analysis of the causes of the present war. It is not enough to say

that this treaty was perhaps the best which could have been made under the circumstances nor that it is perhaps as good as the treaty will be that will end the war. The important thing is that to Germany any type of ruler who would destroy the treaty was preferable to self-rule with the treaty. The influence of this document in the history of post-war Germany has been perhaps decisive and therefore must be studied carefully in order that we may understand the causes for this war. An attempt will be made next week to show how the Treaty of Versailles helped to lead to war.

### Course in Life Saving to be Started March 18

### Red Cross Will Sponsor Class at College

Edward Dandridge Sharp, First Aid and Life Saving Representative of the American Red Cross, will begin an instructor's course in Life Saving and Water Safety at the Carr Health Building Monday evening, March 18, at 7 o'clock.

All persons completing the Senior Life Saving or Instructor Course are eligible for the course taught by Mr. Sharp.

Sharp, a former Vanderbilt football player, came to his post with nine years experience as a Red Cross volunteer, during which time he taught life saving and swimming.

He is regularly on the faculty of the Red Cross national aquatic school at Brevard, North Carolina, one of more than a dozen similar schools conducted throughout the country by the Red Cross to train water experts as well as novices.

At the time of the Ohio-Mississippi Valley floods in 1937, he was recreational leader at a Red Cross refugee camp in Tennessee.

Mr. Sharp majored in physical education at Peabody College, Nashville, Tenn.

### Employment Service Finds Jobs for 33,257; 34% Increase Over '38

FRANKFORT, Ky., Mar. 12.—Job placements by the Kentucky State Employment Service offices were higher by 34 per cent during 1939, according to a report issued today.

The report shows that during the thirteen areas served, according to the annual report compiled by the Research and Statistics Unit of the Unemployment Compensation Commission. The report shows a total of 33,257 jobs filled by the Employment Service as compared to 24,745 for 1938.

Jobs in private industry increased from 10,310 in 1938 to 20,203 last year. Every month showed a decided increase in private placement activity over the corresponding month of the previous year, the report points out.

The greatest number of private jobs was found in the domestic and personal service group, which totaled 6,079. Of these placements, 6,349 were of women and 2,790 were of men. Professional and commercial workers comprised the second largest industrial group with a total of 4,910. The manufacturing industry accounted for 3,073 job placements. Agriculture and mining supplied 2,079 jobs; building construction jobs totaled 902 and utilities 290.

Increases over 1938 were apparent in all occupational groups. A large increase over 1938 was found in the production workers' group, where 1,949 more placements were made in 1939 than in 1938. The second largest increase amounted to 947 in the clerical workers' group. Increases from 1938 were apparent in the service workers' group and in professional workers' group where 1939 showed a total of 8,772 and 1938 against 5,763 and 48, respectively, in 1938.

In all, the Employment Service placed 4,353 more men and 4,159 more women workers in all industries in 1939 than in 1938.

### See County Agent About Soil Sample

Farmers wishing to have soil analyzed at the Agricultural Experiment Station at Lexington are advised to see a county agent or write to the Experiment Station for directions for taking samples. Not only should samples be so taken as properly to represent the soil, but information should be supplied about the way the land has been cropped, fertilized, limed and manured for the past five years. Analyses of soil samples are considered of little value in advising what fertilizer to use for tobacco.

In Todd county where there is considerable interest in permanent pastures, grass-legume mixtures, are being seeded.

### Local Woodmen Receive Refund Checks Recently

Approximately one thousand Woodmen of Calloway county have shared in the recent million-dollar refund of payments. Checks ranging from fifty cents to seven or eight dollars have been received here.

This refund brings the total of payments returned to members to more than \$1 million dollars, a record unsurpassed by any similar organization, according to Mr. Emmett Bradshaw, president.

While the majority of checks were mailed in the United States, about 50 are destined for other lands—Haiti, Palestine, France, British West Indies, Scotland, Sweden, Spain, Germany, Japan, Italy, Nicaragua, Hawaii, Canada, Philippine Islands, Australia, Puerto Rico, Bermuda, Cuba, Central America, Canal Zone, Alaska, South Africa, Chile, Colombia, and Mexico.

Mr. Bradshaw reported that the Society has paid to living members and beneficiaries the sum of 317 million dollars in the past 50 years. The financial stability of the Society, with assets in excess of 129 million dollars, places it high among American's leading life insurance organizations.

The amount of each check was determined by the length of time the member's certificate had been in force, and the amount of each annual payment.

Woodmen of the World Life Insurance Society was founded in Omaha, Nebraska, on June 6, 1890, and will soon celebrate its golden anniversary. A nationwide membership campaign is now under way, to be climaxed by local celebrations in hundreds of cities on June 6.

### Seed Plant Bed Before April 1

Seeding the tobacco plant bed later than April 1 is not desirable. It is a mistake, however, to work the ground and burn the bed when it is wet in order to seed early.

Now approximately half a level teaspoonful of re-cleaned seed per 100 square feet of bed. An ounce of seed is enough to sow 2,000 to 2,400 square feet. In order to distribute the seed evenly, mix it with woodashes, air-slaked lime, sand or other material.

Tobacco seed should be covered lightly. The old practice of tramping the bed after sowing, to cover the seed well and firm the soil, will hold moisture, has not been improved upon.

As soon as the seed is sown, tobacco cloth should be spread over the bed. The cloth keeps the surface of the soil from drying and prevents heavy rains from packing the soil.

Boxing the bed helps to keep out insects, especially flea-beetles. The use of a plant-bed site each year where tobacco has not been grown previously, helps to prevent mosaic, leafspot, wildfire, root-rot and other diseases.

Rapidly growing plants use much water and beds should be watered in dry weather. The best way is to water well every eight or ten days—E. J. Kinney, in "Management of Tobacco Plant Beds," published by the Kentucky College of Agriculture.

Murray State College faculty, friends, alumni, and students will again take part in representing Murray at the annual Kentucky Education Association meeting to be held in Louisville starting April 17 and lasting through April 19. Headquarters for Murray will be at the Brown Hotel.

School will be adjourned at the close of the day's classes, Tuesday, April 16, and will reconvene at 8 o'clock on Monday, April 22.

The program for the meeting has not been announced but will be published in the April KEA journal.

In an interview, Miss Keys, executive secretary, stated that Murray State will sponsor its annual KEA breakfast for its alumni and former students on Friday morning, April 19, at 8 o'clock at the Kentucky Hotel. Tickets for the breakfast can be ordered through the extension office.

### New Furniture Store to Open

The Outlet Furniture Company will open Monday, March 18th, on East Main street just east of the Capitol Theatre, according to H. E. Wall, Jr., owner.

Mr. Wall, who has had a long experience in the business world and has operated a furniture store on previous occasions, states that his stock will include furniture and general merchandise.

The public is cordially invited to visit the store and see the complete line of household furnishings.

### SENIORS TO VISIT COLLEGE MARCH 29

211 Kentucky and Tennessee High Schools Invited by President

Murray State College will hold its annual high school seniors day on Friday, March 29. President James H. Richmond announced today.

A total of 211 high schools, 131 from Kentucky, 68 from Tennessee, 6 from Illinois, and 6 from Missouri, have been invited to Murray, and approximately 2,500 students are expected to attend.

Student guides will start the series of tours of the campus and buildings at 9:30 Friday morning. The chemistry, biology, and physics departments are holding open house at that time, and at 10:30 a general meeting will be held in the college auditorium, which is to be the headquarters for the seniors. Dr. Richmond will deliver the welcome address.

Lunch is scheduled for 11:30 in Wells Hall, after which a working exhibit will be held by the Art Department and the Portfolio Club on the third floor of the liberal arts building. The Home Economics Department and the Household Arts Club will hold an exhibit tea in rooms 304-5-6 of the liberal arts building from 1:00 to 2:30.

A special matinee of the "M" Club Polies will be presented for the seniors at 2:30 in the college auditorium.

The following Kentucky high schools have been invited to Murray March 29:

Almo, Antton, Adairville, Arlington, Auburn, Aurora, LaCenter, Bandana, Beartown, Benton, Birmingham, Beavertown, Boaz, Boxville, Bremen, Brewers, Cadiz, Cairo, Calvert City, Carrollville, Cayce, Centertown, Clinton, Central City, Chandler's Chapel, Clay, Clifty, Cobb, Columbus, Corydon, Cedar Street, Butler, Poole, Pilot Oak, Pembroke, Tilghman, Oton, Ilmstead, Nortonville, Niagara, New Concord, Nebo.

### Bill to Establish Library Service 'is Before Assembly

A bill recently introduced in the General Assembly to authorize an appropriation of \$100,000 a year will enable the State Library Extension Division to aid in establishing library service in communities of Kentucky without such service. This service will affect over two-thirds of the people of the state.

Sixty-one counties of the state have no local public libraries within their borders. By checking the income and expenditures of the 120 counties of Kentucky it is evident that adequate library service "cannot be maintained without some other source of revenue. Federal aid alone cannot cover this need."

One and one-half million or 83 per cent of the rural people of Kentucky are the most impoverished by inadequate library services. It lies within the power and the duty of the state to equalize these services between rural and urban people.

State support of schools is not questioned. In a democracy the education of citizens and future citizens should not cease at the close of school attendance. The demands of modern life require people to read for information and enlightenment. This form of self education is the life-long right of every person. Public libraries offer this means of continuing education. Support of libraries is as logical and vital as that of schools. State funds thus invested help to produce more able and intelligent citizens.

State aid to school and public libraries is no longer an experiment. It has been tried with success in many states. It has been found to be a fair and equitable means of providing library services which is recognized in so many states as an integral part of a system of state provision for public education.

Mr. and Mrs. Ed Morton and family spent Sunday with Mr. and Mrs. Hansy Paschall. Mrs. Paschall is still under the doctor's care.

Mrs. Sam Hill of near Almo is visiting her daughter, Mrs. Reed Brandon and family.

Mr. and Mrs. Garrett Morris and daughters had their Sunday guests Mrs. Morris' parents of near Cherry.

Mr. and Mrs. Perry Armstrong and son, Jimmie, spent Monday night with their uncle, Tom Hughes and family and Mr. Armstrong hauled a load of tobacco to Paducah Tuesday for Mr. Hughes and Jim Pickard.

Bro. C. W. Lawrence visited in the home of Mr. and Mrs. George Windsor Sunday morning. Other visitors during the day were his sister, Mrs. Lee Davidson and nieces and nephews from Mayfield. Mr. Windsor is unimproved.

Mr. and Mrs. Cratie Paschall and Mrs. Nanney Paschall of North Fork spent Friday with Mrs. Paschall's parents, Mr. and Mrs. Hunter Wilkerson and Margie. Mr. Paschall is much-improved after getting hurt when a tree fell on him.

There were 110 present for Sunday School Sunday morning. Misses Wilma Hartfield and Rueveta Taylor visited with Iva and Rebecca Sue Wilkerson last Wednesday afternoon.

Great improvement in the attendance at B.T.U. Sunday night. The Intermediate department gave the closing program featuring a playlet entitled "Facing the Facts". The characters were as follows:

Dr. Jones, the pastor, Brown Richerson; John and Mary, newlyweds. D. Warren, a college boy, J. C. Armstrong; Joe and Sam, Intermediate boys, Hubert Barnes and Joe Pat McReynolds; Lucy, a girl of the congregation, Grace Wilson; Jack, son of the richest man in the church, Fred Atkins; representatives from the following countries: China, Iva Nell Wilkerson; Africa, Maurita Morris; Cuba, Joetta Morris; Japan, Mildred Jones; Argentina, Johnny Pat Boyd.

The idea of the program was to show how many sources of work could be carried on in a great way if we were united. A good discussion was given by the leader, Mrs. Eupha Arnold, and a song by the group and the congregation.

Mr. and Mrs. George Windsor send thanks to the Adult Women's Sunday School class and the Women's Missionary Society for the beautiful pot flower they presented them.

Mrs. Print McReynolds was honored with a birthday dinner Sunday, March 10. They shared their good dinner with Mr. and Mrs. George Windsor, Mrs. McReynolds and son and J. D. Wilson visited with Mr. Windsor and brought them a nice box.

We are glad to report Mrs. Frank Clark as very much improved, also.

## Are You Your Own Medicine Man?

REMEMBER the chant of the Medicine Man? It went "Ladies and Gentlemen, I wouldn't for a minute have you think that I am one bit smarter, brighter, or more intelligent than you, BUT EACH MAN TO HIS OWN LINE, YOU TO YOURS AND ME TO MINE."

IF YOU are buying your insurance through the mail or from one of those men who occasionally visit Murray to sell insurance instead of buying it through a local insurance agent—you are trying to be your own Medicine Man.

YOU MAY KNOW MORE ABOUT YOUR PROFESSION OR YOUR BUSINESS THAN ANY MAN IN TOWN—but are you qualified to diagnose your own case and administer the insurance "medicine" that is best for your Protection?

## Protemus Palaver

We certainly appreciated the fore taste of spring which we had last week for a couple of days, but the heavy rains which followed us predicted by the weather men next summer than at present. A few bunches of wild geese were sighted going Northward which leads to hope that spring is not too far away.

The women of this vicinity are looking forward to spring with a great deal of anticipation, we are planning quiltings and other gatherings, where we can renew our acquaintances and be with old friends again, after being indoors so much this winter. Perhaps then this poor scribe can secure a few more items of general interest for this column. Eagle says that neighbors visiting isn't news, but nevertheless I like to read local and trivial personal items about people I know. I guess that's only a woman's inclination toward gossip though.

May I add my tribute of praise concerning the Kentucky Quartet? I strongly urge those who haven't a radio to listen in on your neighbor's set. They really are excellent singers. Mr. and Mrs. Lawrence Suggs, Hilda Faye and Lily Bee, Sunday.

Little Glen Edward Cochrum, son of Mr. and Mrs. Bazile Cochrum, has been ill for the past week.

Mr. and Mrs. Jim Spann are recovering from a recent illness. Mr. and Mrs. Arthur Todd visited their daughter, son-in-law and grandchildren, Mr. and Mrs. Lawrence Suggs, Hilda Faye and Lily Bee, Sunday.

I learned, only a few days past of the illness of Mrs. Bula Reeves and Mrs. Belle Story, two very dear friends of the Story's Chapel community. I'm wishing for their speedy recovery.

Milton Lee Lassiter was unable to attend school last week because of an infection, resulting from the extraction of a tooth. Kentucky Belle, I certainly enjoy your letters, although I am not acquainted with anyone in your community.

We enjoyed the company of Mr. Frank West and Mr. and Mrs. Abe Todd Sunday morning. Mr. and Mrs. Todd are newly-weds and are planning to move to a new home near Edge Hill in the near future.

Mr. and Mrs. Willie McClure of Fairbanks visited Mrs. McClure's parents, Mr. and Mrs. Will Doubin last week.

Mr. and Mrs. Robert Adams, Bobbie June and Mary Anne were guests of Mr. and Mrs. J. H. Shankle sister church Sunday night. A wedding which surprised their friends was that of Miss Clara Nell Johnson of Bell City and Mr. Noble Lamb of Detroit. They will make their home in Detroit where Mr. Lamb is employed.

## Some Early History

By JOHN WRIGHT HOLSAFFLE

My last communication closed with a reference to Poottown and the Rev. Issiah P. Pool for whom it was supposedly named. I have always heard that the name Pool was originally spelled Poot. I am wondering if that reported spelling did not come from the fact that Rev. Pool from whom it got its name had that initial in it. I can very readily see how that could happen. It would be quite easy for some scribe somewhere down the line to write "Rev. Issiah Poot" instead of "Rev. P. Pool" and thus unwittingly establish the new spelling. If any reader can enlighten me on the subject I will thank him to do so. I am anxious to get things right. In fact, I received an unforgettable letter from my father along this line.

My father died before I was seven years old, but he had labored to impress me with the necessity for doing my best at anything and everything I undertook. He taught me a little red handed hoe, took me and my hoe to the field where he was plowing, and told me to dig the grass from around a big stump. I worked heroically for awhile and told him it was done. When he saw how poorly it was done he told me to do it over, saying I should remember to always do everything right. He said anything worth doing at all was worth doing right. That lesson is still with me and has been to all the boys and girls who read to me through all these years. I consider it one of the most useful lessons I ever learned. I pass it on to all the boys and girls who read this. And it might be well for some older ones to think of it. It is well, also, for us to remember to spell names correctly. I have never liked to see Holsapple misspelled. The first time I ever saw my name in a Texas paper it was spelled Owlsapple. I have been called all kinds of apple but I rebelled most at Owlsapple. I remember, however, that I did not object when the girls called me Sweetapple in my younger days.

Speaking of yester-years calls to mind the days when we marched in uniform from the old Murray Institute down town and back to the music of our uniformed band. We wore red shirts and white trousers and carried shining guns. I wonder how many if any of that old gang are still on terra firma! Captain Felix G. Boyd was our military instructor and R. L. (Bob) Moore was our captain.

Your recent reference to the old Murray Gazette leads me to say that Capt. J. N. Bolen established the Gazette—May 10 and May 16, 1876. During his time his brother, Bert Bolen, wrote a splendid little story of fiction which ran several times in the Gazette. It was a story of a company of Home Guards during the Civil War. Jim Hutchens who bought the paper from them was at the time Circuit Court Clerk and of necessity had to give most of his time to that office. He sold a half interest in the paper to this writer almost immediately after buying it, and I ran the paper while he ran the Clerk's office. I now have in my possession two copies of the Gazette—May 10 and May 16, 1876. In my next letter I will give some of the contents of those two issues. Will say now, however, that we used an old Washington hand press and printed only two pages at a time. Charlie Spillman ran the press while I fed it. All the types were set by hand. If there were such things as linotype machines in those days we knew nothing of them.

A recent letter from California, written by Clarence Martin and his sister, Belle (Mrs. John Derrington) tells of some family traditions which calculated to make a young man like myself hunt up his tackle and make for the Leon River which runs near Temple. Said letter relates that Clarence caught 93 one day recently. Clarence and Belle were dinner guests of Mr. Fred Martin who removed from Murray to California several years ago. The only pay I receive for writing these

letters to your paper is letters from my friends of the long ago—but that is pay enough. What would this old world be without friends. What do we live for any way if not to have friends?

I live to help the needy,  
I live to spurn the sham,  
I live to scorn the greedy  
I live to pass up sidings  
That lead unto the bad.

I live to spread good tidings  
I live to make hearts glad,  
I live to pass up sidings  
That lead unto the bad.

I live to cheer the homely  
Along life's weary way,  
I live to help the lonely  
Be happier today.

I live for those who love me,  
I live for those I love,  
I live for God above me;  
What do you live for?

## Letter to Editor

Editor of Ledger & Times:  
I am sending you a clipping from Farm Journal and Farmer's Wife, of March the first, 1940, as follows:

"Hybrid Chicks"  
"Hybrid chicks, developed along lines similar to those used in producing hybrid corn, are being offered for sale in two Iowa counties, Dallas and Story. A hybrid seed corn firm is advertising that 20,000 to 30,500 of the chicks will be available."

"Egg production 20% to 45% greater than that of ordinary hens is promised from the hybrid pullets. Farmers are warned, however, that chickens grown from hybrid chicks are not suitable for breeding purposes. New stock must be purchased each year."

It looks to me that this is a racket that should be stopped. Some (hybrid) corn breeders in Iowa have started breeding hybrid chickens, and advising customers not to breed from their mature hens, but come back every spring for a new supply of baby hybrid chicks. That seems to be the main feature of the (hybrid) chick, and hybrid corn business. That is you must repeat your orders for seed or chicks every spring.

This looks to me to be as gross a racket as any that a New York or Chicago gangster ever headed. In the first place these people are not raising hybrid chicks. If they were, they would be sterile. If they claim to be selling hybrid chicks, that is a fraudulent claim.

Now what I have said about hybrid chickens and the manner of repeat sales, applies to the (hybrid) corn business. In the first place there is not a single ear of hybrid corn grown in the United States. I am close to 82 years old. I have seen two hybrid chickens. They were both sterile—it was a cross of a guinea rooster and a common hen. They were sterile as most all hybrids are, including plants and animals.

You ask me what is a hybrid? The encyclopedia says, hybrid is a cross between two distant, though closely allied species. You can hybridize a chicken with a guinea, but we have no known relative of corn to hybridize with. So there is no hybrid corn in this world.

ONE BIRD to ANOTHER

By MARTHA GARDNER

A new book on Kentucky, entitled Show Me a Land and written by two Louisville women, has just been published. The authors, Dorothy Park Clark and Isabel McLennan McMeekin, writing under the name of Clark McMeekin, state that the story, covering the period from 1816 through the first Kentucky Derby in 1875, grew out of their many conversations on the early history of the state and stories of early days in the Bluegrass State.

It is a tale of the affection of the early people for the thoroughbred horse and their dependence on this animal. It draws its title from one character who said, "Show me a land where men want none of horses and I'll show you a land where there ain't no men."

A German propaganda sheet tells us that spring designers there will have milady either a mink or a Cinderella come warm weather. Fish skins are being especially treated and used for blouses and dresses and spun glass slippers will be on the market. The fish skin blouses and frocks do not shrink and can be ironed, while the glass slippers are as flexible and smooth as first-grade leather. The heels and soles are of splinterproof glass, called "Flexiglas".

Interior decorating experts advise the home maker to furnish rooms, especially the living room, slowly and make it more individual. Too often, they say, the rooms are furnished hurriedly and filled too full of furniture that proves not to meet the needs of the family. One following this advice would spend the majority of his money on one or two good pieces and add to them from time to time as he could. By this means all the furnishings may be of superior quality and when, in the course of four or five years, the room is completely refurnished, a more harmonious effect is assured. Such a procedure, however, demands courage for none of us likes to have rooms look bare.

A folder on the use of preserves and jams has come to my attention which contains so many interesting uses of the sweets we usually keep in our pantry shelves that I wish I might pass a copy on to each of our readers.

One item that sounds especially appetizing to me is this: Roll chilled chest pastry 1/4 inch thick; cut in 3 inch squares. Place a teaspoon of preserves in center of each, fold diagonally, press edges together with fork, prick top of pastry, and bake in hot oven (425 degrees F.).

### FIRST BAPTIST CHURCH NOTES

Sunday, March 17, 1940

Preaching by the pastor morning and evening. A. M. subject, "The World's Favorite Text Demonstrated". P. M. subject, "Rolling Away Not Throwing Stones".

Church School at 9:30 sharp every Sunday. The school is graded, thereby furnishing classes for all ages beginning with the Cradle Roll Class through to most advanced Adult class. The school and classes are under the direction of faithful spiritually minded men and women, who love the Bible and teach it faithfully. Each class meets in a separate room for the study of the Bible lesson for the day, this provides against all noises and distractions.

Training Union meets every Sunday evening at 6:15 with a Bible program previously thought out and arranged by a group of the very best and most thorough Bible students and scholars to be had anywhere in all the world. These studies are so arranged as to prepare the life of the Christian and church member for larger and better service in a wider field for work at home and abroad. There is a Union for each age, there is a Union for you.

Mid-week meeting every Wednesday evening at 7 o'clock. This meeting is perhaps the meeting that determines the spiritual life of the church and the church member more accurately than any other meeting of all the meetings of the church. It should therefore be attended by every member when ever possible. In this meeting there is soulful singing of gospel hymns, testimony, prayer, praise, and deep helpful fellowship, such as will prepare each one attending for better living for the days ahead. Immediately following this service is a brief but vital study of the

### FIRST CHRISTIAN CHURCH

A. V. Havens, Minister

"Steadfastly Set His Face" will be the Palm-Sunday sermon subject of A. V. Havens, minister of the First Christian Church, at the morning worship service, next Sunday, "On Palm Sunday of the Holy Week," said Mr. Havens in announcing the sermon, "we see Jesus grimly marching into the jaws of death. For three years he has preached and taught, trying to give the people a new and better conception of God and a vital, practical religion. He has carried on before tremendous opposition, but always his ready wit and his unimpeachable life have been too much for the elders, the Pharisees and the chief priests. However, by the hour of the prelude by Charles Farmer, will begin promptly at 10:50.

A special Palm Sunday vocal solo by Miss Julia Gilliam and an anthem by the trained chorus choir directed by Prof. L. R. Putnam will be features of the service. The beautiful organ prelude by Charles Farmer, will begin promptly at 10:50.

"The Rich Young Ruler" will be the sermon subject at the Sunday night church service. The Girls' String Quartet of the Murray State College will play. The service will begin at 7:30.

The following Sunday night, which will be Easter Sunday night, the chorus choir will sing the Easter Cantata, "Death and Life," by Harry Roe Shelley. The entire service will be devoted to the presentation of this great work.

The Sunday School, led by Superintendent R. L. Wade, will meet Sunday morning at 9:30.

The Christian Endeavor Societies will meet at 6:30 Sunday evening. The Christian Fellowship League, led by President A. B. Austin, will have a dinner meeting next Thursday night (March 21), at 6:30. A splendid menu has been arranged and a fine fellowship program planned. All men are cordially invited.

The Source of Our Strength will be the topic at the morning hour of worship.

Bro. George Long will speak at the evening service.

C. L. Francis, Minister.

It pays to read our Classifieds.

### Kirksey Circuit

R. F. Blankenship, Pastor

Kirksey  
Our second quarterly conference will be held at Kirksey next Sunday. Rev. C. N. Jolly, D. S., will preach at 11 a. m. and administer the Holy Communion. Lunch at the church. Business session in the afternoon.

Hebron  
The pastor will preach at Hebron Sunday night since the quarterly conference is on the third Sunday.

### METHODIST CHURCH NOTES

Sunday, March 17, 1940

This is Palm Sunday in the calendar of the church year and the service will feature Palm Sunday both in the music by the choir and the sermon by the pastor at 10:30 o'clock. Please be on time.

The special music of the day will consist of the following:  
Solo, "The Palms", Miss Eleanor Mitchell and Eron Williams.  
Violin offertory solo, Prof. William Fox, accompanying Miss Jane Sexton on the pipe organ.

Antiphon, "Open the Gates of the Temple", Knapp, by the choir.  
You will enjoy this splendid musical program.

At the evening hour, 7:30 o'clock, the pastor will preach on Opportunities for Individual Work in the Church, from the text: "Lord, what wilt thou have me do?" Acts 8:6. In spite of our wonderful organization there is still opportunity and room for the individual to do much to the glory of God. After all, the work of the organization is the combined efforts of individuals.

The Sunday School opens to the individual and to the family opportunity for religious instruction, fellowship and worship and every Christian needs these. A Scotch pastor was calling upon one of his members and urging him to attend church services. The wily Scot answered that he did not need to attend church to be a Christian. The pastor quietly removed a glowing ember from the fireplace and left it alone on the hearth. Soon the glowing ember ceased to glow and presently it was "dead". The member saw the lesson.

Our young people, meeting in two groups, invite your children to meet with them. These meetings give them an opportunity for Christian development and culture. Any visitor or stranger in Murray will find at our church a warm welcome. Come and worship with us.

J. Mack Jenkins, Pastor.

### Cedar Knob News

Hello everyone! We are hoping that everyone is well to these beautiful days of March. Farmers are busy burning plant beds and plowing.

I had just about decided this week that the other writers would have the "go" on me, as I had not been able to go about hunting for news and also I had very few visitors but friends again came to my rescue.

Miss Mary Mitchell was a Sunday morning visitor of Miss Mary Lucille Simmons.

Mr. and Mrs. Eunice Williams and daughter, Miss Eron, near New Providence, were Saturday night and Sunday guests of Miss Eva Mae Williams and brothers of Frog Creek.

Pete Wisheart butchered hogs Thursday.

Tilman Lamb lost a fine horse Saturday.

Guthrie Osborn's fine cow has been ailing for the past week. Mrs. Mary Wisheart, who has been very ill for the past few days, is improved.

Miss Pernie Mae Simmons and brother, E. H. were Monday afternoon visitors of Mrs. Monnie Mitchell.

Jessie Dick and son, Hubert, and James H. Gibson were in Hazel and Murray Tuesday.

Mr. and Mrs. Berton Willis were Monday night and Tuesday visitors of Jesse McClure and Annie Willis.

Miss Mary Mitchell was a Tuesday afternoon caller of Miss Mary Lucille Simmons.

Johnnie Simmons was in Murray Tuesday.

Hatter, Lewis was in Murray Monday.

Pete Wisheart was in Hazel Wednesday morning.

Monday night visitor of Mrs. Johnnie Simmons and family.

Miss Eron Williams, of near New Providence, spent the week-end with Miss Mary Mitchell of Macedonia.

Miss Eron Williams was a Monday caller of her grandparents, Mr. and Mrs. Charlie Williams.

Misses Pernie Mae, Mary Lucille and E. H. Simmons, Miss Mary Mitchell and Miss Eron Williams were Wednesday afternoon callers of Mrs. Ada Ellis.

Robert Ellis, who spent part of the winter months in Nashville, returned to his home Wednesday at Macedonia.

Johnnie Simmons and children, Pernie Mae and E. H., were Thursday afternoon visitors of Mr. and Mrs. Henry Ellis.

Miss Mary Lucille Simmons was the Thursday guest of Misses Mary Mitchell and Eron Williams.

Just want to extend greetings to my cousin, Mrs. Fannie Clark of Murray Route 4. We have your little pet pigeon following us everywhere we go. We are glad to know you are better.

Mrs. Maurelle Williams was the dinner guest of her parents, Mr. and Mrs. Elmus Mitchell, and Miss Pat Weatherston, Friday.

Bud Todd and Hubert Dick were in Murray Saturday morning.

Mrs. Johnnie Simmons and children, Miss Pernie Mae and E. H., are very ill with flu at this writing.

Kentucky Belle extends best wishes to Miss Maurelle Clendenon of Almo. We sure would like to see you returned here with us as teacher of our school this year.

Mrs. Wiley Hatfield, who is a patient the William-Mason Memorial Hospital, remains very ill.

Mrs. Elmus Mitchell and children, Miss Mary Clyde and Clifford, were Sunday afternoon visitors of her daughter, Mrs. Guthrie Osborn and son, Bobby D.

Mrs. Maurelle Williams and E. H. Simmons were Sunday afternoon guests of Mr. and Mrs. Henry Ellis and Mrs. Monnie Mitchell.

Mrs. Elmus Mitchell, Osborn and son, Bobby D., were Saturday night visitors of Mr. and Mrs. John Ralph Clark.

Jesse Dick and Annie Willis were Sunday guests of Mr. and Mrs. Bert Willis.

Mr. and Mrs. Aylon McClure and daughter were Sunday guests of Mr. and Mrs. Bert Willis.

Mr. and Mrs. Clay McClure were Sunday visitors of Mr. and Mrs. Pete Wisheart and Mr. Jeff Stubbs.

Mr. and Mrs. Rainey Lovins were Friday night visitors of Mrs. Lovins' parents, Mr. and Mrs. Pete Wisheart—Kentucky Belle.

### Bad Road News

Bad, cloudy weather; plenty of rain and mud. Only a few farmers have burned tobacco plant beds. They are getting anxious to burn beds now.
